Michigan Supreme Court Justices:

It seems that Michigan and the Michigan Supreme Court are being used as tools of the asbestos industry and big business to deny working people their constitutional rights to jury trials when harmed by corporate misconduct.

I personally worked with asbestos from 1962 until 1999 when I retired. I was never told by any one I worked for about the effects of asbestos until the late 1980s when I was employed by Detroit Edison Company. They were the first and only company I worked for that I can truly say gave a damn about their employees.

I worked maintenance for those 37 years and what did I get for it, ASBESTOSIS.

If the court goes ahead with plans to adopt Court Rule No. 2003-47, I certainly hope you cannot only live with your selves, but sleep at night because of the great harm you will be implementing.

Yours Sincerely,

Richard D. Varga,

Sr.
